Re: Georgetown University boathouse proposal-scoping comments (EIS):
Questions on EA and EIS process

Reference is made to my letter to you of June 9, 2006, in which I offered a comment on the procedure adopted by the National Park Service in connection with the EA on the Georgetown University boathouse proposal. A copy of that letter is attached.

The questions I asked in the above-referenced letter remain unanswered. I still believe the public is entitled to the answers and those answers should be made part of the administrative record.

With respect to the pending EIS I have two specific requests:

1. Please identify each and every official or employee of the NPS who participated in the preparation of the EA on the Georgetown University boathouse proposal which was released in April, 2006.

2. Please identify each and every official or employee of the NPS who participated in the analysis and evaluation of the comments on the EA submitted by the public as well as those individuals who made the decision to prepare an EIS on the proposed Georgetown University boathouse proposal.

I submit the public is entitled to this information.

Respectfully submitted,

Robert B. Norris

Enc.
