

**JANUARY 11, 2005 EA SCOPING MEETING
SAVE THE DATE!!
TELL YOUR FRIENDS**

The National Park Service will prepare an Environmental Assessment (EA) to analyze the impacts associated with the construction of a proposed boathouse by Georgetown University on a one-acre site above Key Bridge located on the Potomac River in Georgetown.

A public scoping meeting will be held Tuesday, January 11, 2005 from 6:00-9:00 p.m. at the Latham Hotel, 3000 M St., NW in Georgetown.

The purpose of scoping is to offer the public an opportunity to identify issues and alternatives that should be considered in the EA.

To submit comments in advance, be placed on our mailing list or request a copy of the EA when it is available for comment, please contact us at the project email address.

The National Park Service will accept written comments through January 21, 2005 (no later than 4 PM), via email to NCR_Georgetownboathouse@nps.gov or via FAX at 202-401-0017
